# Who we are

---

**Developed in 2004 by SENKRON TECH,  
a company with 30 years of software  
and R&D experience.**

FLYBY continues to develop by always catching up with the technologies of the age. FLYBY is a wellness management software equipped with modules developed by industry experts to make the management more comprehensive and hassle-free in Yoga and Training studios as well as in other areas it offers solutions. FLYBY, which aims to eliminate dependency on old management models and expensive infrastructure, is web-based and runs on cloud server.
